Floods in skyscraper (prophetic dream)

May 2.2014.

I had a dream. I was in skyscraper. Suddenly water covered floors, like a floods. Water came up very quickly. People begun to run upstairs. Some were tired to run all the time. They decided to stay instead to continue their running upstairs. Unfortunately they sunk immediately. The water come up so quickly I barely could escape !

Suddenly I see my Christian friends in the same situation as me. They showed the emergency basket they have. Friends told me, that they have no place for me in that basket, but I can try to climb alone outside the building. I was afraid to step outside the skyscraper! Only my chance was to continue my running upstairs.

Suddenly I was on the roof of skyscraper, but water was still coming up! Somebody told me to lie in the water and wait. I was laying in the water and suddenly I hear strong noise in the ground. I understood, something was opened in the earth to absorb the water from skyscraper. Water went down step by step, and I safety went down together with the water.

When I was down to the earth, I saw my Christian friends, who did not take me in their emergency basket. They looked exhausted and discouraged, because they tried to find their own escaping ways. I was happy to be saved in the right way! The end of the dream.

Explanation.

1.The water in the skyscraper could be trials following Christians in their way.

2.Only right way to escape is – to run higher with God !

3. Some Christians are tired to continue their running up. This is reason why they are dying.

4. Some Christians have their own plans how to be saved, because they don't want to run up with God. That is why they are finally exhausted and discouraged !

5. When we are reaching highest point, and don't know what to do, than God is opening earth to absorb waters of trials in our lives.

6. Interesting, that those who run up to the roof yesterday in Odessa, were saved, but those who stayed in floors, were died in the fire.

7. This could be floods of sin in Ukraine. Floods of sin increase there, but if Christians ll run higher with God, they ll be safety. But if they ll try to find their own escaping plans, they ll be discouraged.
